SAMVO encourages the development and growth of individual Corps or Regimental 'pride'. Corps or Regiments may be recognised by wearing the appropriate "balkie" or emblem below the SAMVO badge. Master-at-Arms at both Club and Regional levels will be responsible for ensuring compliance and they may, at their sole discretion, permit or deny an offending Veteran to continue in the parade.

6. Resignation / Termination of Membership:

All SAMVO members, no matter their position within SAMVO, belong to a Club. When a member comes into "disrepute", or becomes "not of good standing" within their Club, it is important that this is managed efficiently, fairly and in the correct manner. Members who may come into "disrepute" or become "not of good standing", would likely fall into the following categories:

1. Disregard for SAMVO/SAMVO Entity Drill, Dress and Discipline Code;
2. Misconduct or display of a belligerent attitude or actions;
3. Misrepresenting their service by wearing incorrect medals, providing incorrect information or exaggeration of their own self-importance;
4. Contravention of SAMVO/SAMVO Entity code of conduct; and
5. Other actions which detract from their service tenure, or which are unsubstantiated.

These situations would most likely arise at Club level, and as such, the following process will apply:

1. The Club Chairperson or Club Master-at-Arms will, in the first instance, discuss the issue directly with the member, informing the said member there is a perceived behavioural issue associated with the said member and that he/she is considered for review as being "potentially not suitable to represent the SAMVO Entity".
2. Should the member be subjected to review, they should be provided with as much information as possible, explaining why they are being reviewed.
3. The member should be given the opportunity to make an acceptable rebuttal, or to accept the validity of the complaint and to commit to rectify the situation.
 - In many cases, only an apology may be required, after which there would be no further action, and the event will remain confidential.
4. Should the member be unwilling to change or show remorse for his/her actions, the Club Chairperson or the Regional Chairperson will advise him/her that they are suspended with immediate effect, pending further investigation.

A conscientious effort will always be made to ensure that the SAMVO Entity Club or Region gains factual evidence to adequately support the complaint against the member in question.

1. Should the issue not be resolved at Club or Regional level, the matter should be referred to the Zone Master-at-Arms.
2. An intense investigation will be carried out that could include other veteran organisations, or higher formations, depending on the nature of the issue. Any external investigation must be handled by the Zone Master-at-Arms or the Zone Chairperson.
3. Should the evidence prove that the member is out of order, and the member still refuses to rectify the situation, his/her membership will be revoked as the last resort.
4. The final decision will rest with the next senior executive to the leader, who dealt with the issue.

7. Military Impersonators:

In the event of a member's conduct being in the category of "Military Impersonator" and proven, the Zone Chairperson or Zone Master-at-Arms will communicate this information to the CMVO (Council of Military Veterans Organisations), for release of the offending member's details to all other veteran and/or police organisations, including permanent listing on the "Wall of Shame". Once a name is on the list, it can and will never be removed.
